

CREATIVE OPERATIONS | DESIGN STRATEGY | CREATIVE DESIGN/COMMUNICATION LEADERSHIP

Professional Summary

Creative operations and design delivery leader with extensive experience supporting global investment banking teams through high-impact visual communication, pitch book design, and strategic presentation storytelling. Proven expertise in building scalable design workflows, implementing automation tools, and managing global creative teams delivering high-quality visual assets across digital and print platforms. Experienced in translating complex business narratives into compelling visual formats while ensuring brand consistency, design quality, and operational efficiency.

Core Expertise

- Design Operations Leadership
 - Creative Workflow Optimization
 - Visual Communication Strategy
 - Brand Consistency & Governance
 - Presentation & Pitchbook Design
 - Data Visualization
 - Cross-Functional Collaboration
 - Automation & Workflow Systems
 - Global Creative Delivery
 - Stakeholder Management
-

Case Studies

1. Global Investment Banking Creative Delivery

Challenge

Investment bankers required high-quality pitch books, IPO roadshow presentations, and M&A deal materials with extremely tight turnaround times while maintaining visual consistency and accuracy.

Actions

- Built a structured creative delivery workflow for presentation design
- Implemented quality assurance checkpoints for visual and content accuracy
- Established standardized templates and presentation frameworks

Results

- 99% delivery accuracy achieved
 - Faster turnaround time for pitch book production
 - Consistent visual standards across global deliverables
-

2. Creative Workflow Automation

Challenge

Manual processes slowed down design request tracking, delivery monitoring, and operational reporting.

Actions

- Implemented Power BI dashboards for real-time SLA tracking
- Built Power Apps and Power Automate workflows for request management
- Introduced automated KPI reporting for leadership visibility

Results

- Improved operational transparency
 - Reduced manual reporting workload
 - Enhanced data-driven decision making
-

3. Global Creative Operations Model

Challenge

Supporting global banking teams required round-the-clock creative production capability.

Actions

- Established a 24/7 follow-the-sun creative delivery model
- Structured shift-based creative production teams
- Implemented productivity and quality monitoring frameworks

Results

- Continuous support for global clients
 - Improved delivery efficiency
 - Increased stakeholder satisfaction
-

Leadership & Team Development

- Led multi-layered creative production teams across global shifts
 - Developed structured mentoring programs to build future team leaders
 - Established performance frameworks focused on quality and accountability
-

Design Capabilities

- Presentation Design
 - Layout Design
 - Typography & Visual Hierarchy
 - Data Visualization
 - Visual Storytelling
 - Brand-aligned Communication
-

Tools & Platforms

- Power BI
 - Power Apps
 - Power Automate
 - Microsoft Office Suite
 - Workflow Automation Tools
-

Impact Summary

- Built scalable creative operations supporting global investment banking clients
 - Implemented automation that improved workflow transparency and efficiency
 - Ensured consistent visual communication standards across high-stakes financial deliverables
-
